## How we can best support Christina

**Be respectful of my time-** I will work hard to help you. I am an introvert and need time to think and recharge.

**Be patient when you speak to me-** I have a hard time hearing on my right side. I will say "what?" When possible sit across from me when you are speaking or talk to me on my left side.

**Be open to my ideas-** I think differently about problems. My ideas might sound far fetched at first but typically they lead to great things.

**Email me-** I respond quickest to emails.
