## HOW TO BEST SUPPORT ME

I'm not a reactionary person, so please give me time to think a situation through before I respond.  
 Please be patient with me during tax season.  
 Work can give me tunnel vision at times, but I will always make sure to address my other responsibilities if given time.  
 Good, open communication at all times.  
 Never tell me you can't do something. I will tell you that you are wrong.  
 Don't take life too seriously.
